

# 7 Mountains

## The mountain of Media

**The Mountain of Media** in our current day has become a very important mountain to take from the enemy. The reporting of news is almost instantaneous through current media outlets. It is 24/7 bad news. A hundred years ago this would not have been the case. The Media mountain is almost entirely occupied by the enemy. At the top we have Apollyon. The name of this spirit means destroyer or destruction. The description is extremely apt as most news being reported is bad news, and has the effect of creating faintness of heart in the hearts of people.

**Satan's strategy** is to create fear by distorting news. His aim as usual is deception and he uses this to terrorise the masses with news that is often far more damaging than the event itself. We are bombarded constantly and repeated with bad news of wars, terrorist attacks, murders, suicide, accidents, aids, drug related deaths and more. This bad news is reported throughout all TV stations, news papers and other media outlets. The air waves are just full of bad news. Satan knows that whatever enters a man's heart is what he meditates upon and believes.

**The Antidote.** Obviously, taking this mountain out of the enemies hands is the goal but how? Firstly, a contingent of armed and trained warriors who know their calling as Elijah journalists and have the commitment to persevere under strong attack. Their strategy is more spiritual than journalistic but the aim is one and the same. The aim is to prepare the psyche of people and nations to receive from God as heaven is released on earth in increasing measure. When this happens there will be a change in the spiritual atmosphere. Action must be accompanied and birthed with prayer.

**The End result.** The overthrow of the kingdom of darkness on this mountain. This will bring about such an incredible change that whole nations will become the Kings domain. Sheep nations will spring up all over the world bringing many into the kingdom. The good news of the Kingdom will impact the other mountains through kingdom media outlets.
