

Sphere Mastery

Lance Wallnau

[Volume 2- Session 12]

1. It is more important to be **viral with the message** than to be recognised as the **source** of the message.
2. **Language** is **so** important.
3. The higher we go to the top of the mountain, the more it is important to get **exactly the correct message** across.
4. John 5:17 says “the Father is always at work”.
5. **God is always doing something**, and to get in on it you have to discern which way ‘the wind blows’.
6. Some people get in on the **decline** of what God is doing when He has **already moved** onto something else.
7. **What makes some people great is their ability to make distinctions**. Eg: Not to go where the puff of wind **was intended** but to **where it is going**. You will then be where it is **happening!**
8. **Become a pursuer of distinctions**¹.
9. **The ability to make distinctions indicates the level of your mastery**.
10. Psalm 2 tells us Jesus wants nations.² If this is what He wants, then **why is the church focussing purely on the Gospel of Salvation**.
11. If you put on a different lens and shift your focus, you will see differently.
12. The fundamentals of our faith never change, but we will continue to get further revelation on the principles Jesus taught.
13. **Mess with the fundamentals** and you end up with a mess.
14. What if Jesus taught principles of taking over the world and managing it correctly? Suddenly you have a whole lot more to consider.
15. We have a dilemma! We have surrendered the ground that we had. Eg: All the Christian universities have been given over to the enemy!
16. **There are Kingdom principles that apply to every sphere or mountain**. The bible teaches them and each sphere will have about 6 relevant principles that need to be applied to it.
17. **God is in the process of raising up ‘giants’ to occupy these spheres. They will have authority given to them to occupy**.
18. Each sphere must be **invaded from within**, because to have sphere authority you must be **within the sphere**.
19. **Intercessors also have access to within but cannot occupy**. They **prepare** the way for the occupiers.
20. **We must become strategic about our Kingdom work**, in particular, how we go about it.
21. 🚩 People in the church have 90% of their gifts underutilized – never actualized. If never actualized, then never fulfilled. If never fulfilled, they feel half backslidden and guilty!

1 – Discernment or discrimination.

2 – Matthew 28:19

22. God designed us to operate with **100% utilization of our capacity**.
23. That is how we experience **sustained revival** being caught up in the cause of God in the assignment He has given us, along with the anointing for the assignment.
24. This means you may not always be in a ‘peek’ state, but you will be in alignment with your anointing. It means you are where the “puff” of wind is.
25. It does not matter how many intercessors, prayers, numbers in agreement, money, timing, advertising, media there are. **These will not change the status quo!**
26. It is the **Principle of Leverage** that allows you to dominate a sphere. VIZ: **He who controls the high places has leverage over the majority**.
27. The enemy has about 5% of his cronies at the top of the mountains. Each of them is able to leverage hundreds of thousands for the enemy’s cause. This is what wins the day. **This is how culture is shaped**.
28. **If you have assets but do not deploy them correctly it is as good as not having them**.
29. 🚫 **To prevent a nation going down the tube, you have to think in terms of dominion**.
30. **The Gospel of Salvation gets you to heaven (quantitative), but becoming a disciple teaches you how to take over territory (which is qualitative)**.
31. If you can provide all the benefits that a truly God-fearing nation gives to its people, you have all you need to change other nations.
32. God gave the nation of Israel this status of receiving his benefits during the reign of King David and King Solomon. As a result, they were the desire of all the surrounding nations.
33. To state the problem again. The church does not think in terms of occupying culture, they think in terms of getting a harvest to “go to church”.
34. The USA in winning WWII won the ideological war and had the opportunity to influence both Germany and Japan with its culture and bring Christian values along with economic reforms. But they failed to do so.
35. It is important to **be relevant**: bring solutions to what the person or society needs – not what you think they need.
36. **Sphere Overlap**: This produces Force Multiplication.
37. **Sphere Mastery**: means you own the atmosphere of the sphere in which you are operating – ie: you take authority over it.
38. **Sphere Pre-eminence**: This occurs when we have occupied the high places.
39. **The Napoleonic theory** of advancing the Kingdom: The objective of war is victory. The objective of victory is occupation.
40. 🚫 **If you do not occupy, you will lose the territory**.
41. **If you want a visitation to become a habitation, you must have an occupation**.
42. **Sphere occupation just needs a remnant – the right people in the right places**.
43. **When you bring the Gospel of the Kingdom you then have the right to preach the Gospel of Salvation**.

Summary

- Language is so important.
- What makes some people great is their ability to make distinctions.

- What if Jesus taught principles of taking over the world and managing it correctly? Did we get the church's assignment wrong?
- The church does not think in terms of occupying culture, they think in terms of getting a harvest to go to church.
- To have sphere authority you must be within the sphere.
- Many believers do not utilize their gifts and thus are never actualized or fulfilled, hence they feel guilty.
- It is the Principle of Leverage that allows you to dominate a sphere.
- Understand the definitions of: Sphere Overlap, Sphere Mastery, and Force Multiplication.
- The objective of war is victory. The objective of victory is occupation.
- Sphere occupation just needs a remnant of the right people in the right places.
