

# Career Convergence

Lance Wallnau

[Volume 3- Session 17]

1. What we need is **career convergence**.
2. Acts 13 talks about convergence.
  - Adam's work in the Garden of Eden was his assignment and utilized 100% of his design. When he did this he **experienced complete joy** and **his glory** was revealed. This then allowed **God's glory** to be revealed.
3. ❗ **The problem:** If you are not in convergence, you are **not doing the job you were designed to do**. Therefore you're not really in alignment with your divine assignment, and you're not experiencing 100% utilization. Therefore you cannot be actualized. So, you're not really enjoying what you are doing, and hence you're not experiencing the glory you should.
4. If we understand that where Jesus is there is glory, then this follows: If we are supposed to be in a certain place and work sphere that we have been called to be, then that's where our glory cloud will be.
5. Most of us **associate work with making money**, not our kingdom assignment.
6. When we are in convergence we go back to where we were in the Garden, and thus (in a sense) **we do not work another day** of our life.
7. **Convergence** is when we are aligned with our assignment, and we go back to the Garden for the work we were intended for, then we can experience results that no one else gets.
8. Convergence is getting your butt from where it is now to finding your face in the future.
9. When Jesus sweated drops of blood in the Garden of Gethsemane, His blood was mixed with sweat (the curse) and it went into the ground. This broke the curse off the earth and that released the prosperity of His cause.
10. The crown of thorns on His head took away the curse of anxiety, stress, pain of living etc. We can now live free of these worries if we really want to do so.
11. Paul and Barnabas were referred to as prophets and teachers<sup>1</sup> but they were separated for '*the work*'. From this moment on they were apostles. **What upgraded them to apostles was an invitation from God for them to participate in '*the work*'** He had separated them to do. What they were doing previously was working in preparation for '*the work*'.  
**What they were doing previously was working in preparation for '*the work*'.**
12. **The favour** you are given is to gain you access to the place you are assigned to and to give you influence.
13. When you are given access, you are given trust in that sphere.
14. ❗ **Favour always has backlash.**
15. **The sphere** you have penetrated has **wolves** in it that are not happy about being displaced.
16. Your authority binds the demons in that sphere, you have the peace of God on you, and so people then begin to **hear the influence of the Kingdom**.
17. Remember: "The God of peace crushes Satan under your feet".
18. **When they say things like 'we don't normally do this but...'** **you have just invaded** that sphere.
19. **Once you have access and trust you can then propose solutions which solve the problems.**

20. The visionary people of God ‘see’ what is in the future and bring it back into the present to solve the problems.
21. The main problems in the world are: corruption, lack of energy, poverty, undrinkable water. The instability of all these produces cultural, border, and religious disputes, and war.
22. If we – who can produce peace – can deal with these 4 issues we can produce a ‘sheep’ nation.
23. When you show up in a sphere, there is going to be a **division** between those who are open to the kingdom and those who are not.
24. ✨ Some people will **hate you without a cause**. This is because whatever spirit they are wired to, will begin to **manifest**.
25. Unfortunately, 80% of Christians who are in this position when the backlash comes **will not have breakthrough**. This is because they have only experienced personal convergence, not career convergence.
26. **Personal convergence** is about having a balanced wheel in the areas of your life being: emotional health, mental health, spiritual life, marriage relationships, other relational issues, control of finances, what work is like these days, and any other thing you give yourself to. When these are out of balance you have a problem.
27. ✨ When you invade enemy terrain, if there is any imbalance in your life, **the enemy has legal right** to exploit any issues you haven’t dealt with.
28. ✨ You can **only occupy** what you are qualified to dispossess.
29. ✨ If the enemy has anything in you, you become **disqualified from occupation**.
30. ✨ **Note:** The **religious spirit** will manifest when the next level of truth shows up because it wants to keep you locked into all that has been currently manifested to date.
31. How do we accelerate convergence?
  - The first problem is that most believers **do not** have agreement with their own destiny.
  - This is often because they have desires and dreams that **they feel are unsanctified** – usually because these are not in the religion mountain.
32. **Clarity** is power.
  - Example: Jesus knew what he was here for, which was to destroy the works of the devil.
  - Example: John the Baptist knew he was the forerunner who would proclaim the coming Messiah.
33. Jesus said, “Whatever you desire when you pray believe you have it”.
34. ✨ Christians have a tendency to sanctify their God-given passion and modify it which then takes away clarity, this then makes it **irrelevant**.
35. The difference between **certainty and uncertainty** will sometimes mean who gets occupation and who does not. Sheep tend towards the former; goats always know what they want.
36. When you are contending with people whose God-given gifts in the mountain you have been given favour and access are equal with yours, it will be **the anointing to excel** that wins the day. That will not come if you are in the land of uncertainty.
37. We must understand that the gifts we have are not only to be used for the church mountain, but are for **all the other mountains**.
38. **We lose out** when we choose money and safety instead of responding to the passionate desire of our heart to do something particular.
39. When we operate in convergence we are allowed to experience and taste of what is in the future until it is manifest in the present.
40. **Your assignment is already in you**, that’s the beauty of it.

## **Exercise: “My Dream List”**

- Write down a list of the heart desires you have, passions you would love to fulfil including those you have given up on. To begin with, they may just be one word and not specific. Example: Writing.
- What is it you want to do? What is it you want to achieve? What is it you want to experience? What is it you want to have that isn’t there right now? This is simply your dream list.
- Some of them may come from your youth.
- If God came and said to you like he did to Solomon “What is it you want?”. Write it down.
- Do this exercise with a group and help evaluate each other, so you can determine where you are to be for the kingdom.
